

# A Little Salsoria Magic

## Bring the Magic Home

Today we visited the **Kingdom of Salsoria**, where we discovered that some of the most wonderful gifts aren't things we can wrap in a box.

## At dinner tonight - or on your next Taco Tuesday - try a little Salsoria magic!

Go around the table and choose a special gift or quality you notice in someone else. It might be **kindness, courage, patience, creativity, helpfulness, humor, friendship, curiosity** - or something completely different!

“One of the gifts I see in you is \_\_\_\_\_  
because \_\_\_\_\_.”

Give everyone a turn to **give a gift with their words** and to hear something wonderful that someone else sees in them.

## A Little Extra Magic

If you're having tacos, let each person invent a ridiculous **Salsoria taco** they would serve to the family. What would you put inside yours? Give your creation a wonderfully silly name!

**The best gifts don't come from fairies. Sometimes they come from someone who takes the time to notice what is wonderful about you.**

Storyland Magic - Take the story home. Keep the magic going.
