

# Cloughaven Characters

 Find • Rescue • Return 

★ Hide them high, low, under, beside, and behind—  
but always where children can reach them safely. ★

## TEACHER DIRECTIONS:

Before the story, hide several mythical creatures around the room. Use classroom figures or stuffed creatures if you have them, or print and cut out these **Cloughaven Characters**.

**HOW TO PLAY:** As Harper discovers that the animals need help, invite the children to search for the creatures and bring them safely back to the reader circle.

 Cut along the dashed lines.

Laminate for extra durability and reuse year after year!

Look carefully and help bring them home!

**TEACHER TIP:** Hide the characters in a variety of places—high and low, behind and beside things, under tables or chairs—so children can practice positional words as they search! ♥
